GENERAL SECTT. 1-MAY 1937

To

The General Secretary to the Government of
His Highness the Maharaja of Mysore, Bangalore.

Sir,

With reference to your letter No.G.8396/Med.234-36-6 dated the 24th April 1937 regarding the Laying-in-Ward at Mandya, I have the honour to state that the design received with the Government Order of 1st April 1937 was the original copy, and not the one which was modified under the orders of the Dewan. I discussed this point with Mr.Venkoba Rao, the Assistant Architect, who gave me to understand that the plans sent to me were not those which were sanctioned by Government, and that even the latter were again undergoing certain further modifications to suit local requirements. I am still awaiting copies of the final plans from the Government Architect.

I have the honour to be,
Sir,
Your most obedient servant,
B K Narayana Rao 28/4
Ag. Senior Surgeon.

Final Note by the Second Member of Council.

Subject.—

Building for the combined General and Maternity hospital at Mandya.

It is considered necessary to construct a building for the hospital at Mandya commensurate with the growing importance and population of the place. The Senior Surgeon has submitted plans and estimates for the building costing Rs.84,000. Donations and grants have been promised to the extent of Rs.28,500 and it is anticipated that another five or six thousand rupees may be collected by public subscriptions. The Senior Surgeon requests administrative sanction for the plans and estimates and suggests that the portions noted in the margin may be undertaken immediately being taken up as and when funds become available. I minuted on the file as follows:-

(1) The Administrative block,
(2) The out patient block,
(3) Two wards of 12 beds each, 12 for males and 12 for females,
(4) An operation theatre, and
(5) a labour ward.

at an estimated cost of Rs.60,000, the remaining portion estimated at Rs.24,000

Page 20 of Minutes

"As Mandya is shortly to become the headquarters of a District, Government may agree to meet the balance of the cost of the hospital, as in the case of other District hospitals constructed with the aid of public subscriptions. The Senior Surgeon's proposals appear to be suitable and may be accepted".

—do—.

The Dewan and the First Member of Council agree to the proposals. The question of sanctioning a grant from Government either by placing a demand for an additional grant this year or by making a provision in the next year's budget will be taken up after the outlay, to the extent of the donations received, is incurred.

The proposals are submitted for His Highness' gracious sanction.

No. 2991

My dear Mirza,

In returning herewith your file No. 239 of the 16th instant on the subject of the new hospital at Mandya, may I venture to invite attention to a point which caused a good deal of difficulty in connection with the similar scheme at Nanjangud ?

It is proposed, as part of the scheme of immediate necessities, to build one ward for females and a labour ward.

This is what we started with in Nanjangud, when the lady doctors pointed out that you couldn't put maternity cases into the same ward as people suffering from other diseases; you must therefore have a lying-in ward; and until you had it a labour ward was no use.

I hope I may be pardoned for butting in like this on a professional matter, but I know what trouble we had in Nanjangud to revise the plans and make a separate ward for maternity cases.

In Mandya it will only be necessary to put another ward of twelve beds into the immediate part of the scheme. Perhaps the district or the Red Cross have some Silver Jubilee money left that would help the good work along.

Yours sincerely,

G Rodriguez

B. K. NARAYANA RAO, Esq., B.A., M.B.C.M., M.R.C.S. (Eng.), D.P.H., D.O. (Oxon).,
Senior Surgeon with the Government of H. H. the Maharaja of Mysore.

To

The Secretary to the Government of Mysore,
Local Self Government Department, Bangalore.

Sir,

Adverting to the correspondence ending with this office No.C. 2254-37 dated 7th October 1937, and your letter No.G.8377/Med.234-36-1 dated 16th March (April) 1938, regarding the construction of a new Hospital at Mandya, I have the honour to state that I visited Mandya on the 18th Instant where I had a personal discussion with the President of the Municipal Council, the Sub Division Officer and several influential local gentlemen in connection with the proposal of building a modern Hospital at Mandya.

2. In view of the growing importance of Mandya as an Industrial centre with densely populated surroundings and also in view of its becoming a district head-quarter in the near future, the necessity for having a well-equipped up-to-date Hospital at the place was discussed, the building being so designed as to admit of being constructed in small stages and being capable of extension in the future.

3. The accompanying plan, similar to that of Sri Narasimharaja Hospital, Kolar, estimated to cost about Rs.84,000/- was accepted as being most suitable for the place. The public were keen that the new building should be constructed very early, and were sanguine of further public donations in the course of the construction, provided the work was started.

4. The following donations were promised.-

(a) The Municipality of Mandya would
(1) contribute Rs.5000/- immediately,
(2) contribute Rs.5000/- in instalments of Rs.1000/- each every year during the next 5 years,
(3) give a site for the Hospital free of cost,
(4) agree to the sale of the existing Dispensary building the money being utilised for the new Hospital.

(b) Messrs.Dharanappa and Chennabasappa, two philanthropic citizens

citizens of the place promised jointly Rs.6000/- for one ward of 12 beds.

(c) Messrs.P.Anniah Setty and Sons and Mr.N.Shamanna promised jointly Rs.4000/- towards the construction of an Operation Theatre.

(d) Mr.M.P.Bheema Rao promised Rs.3500/- towards the construction of a labour ward.

(e) The Mysore Sugar Company promised Rs.5000/- towards the Hospital.

Total Rs. 23,500/-.

5. Thus it will kindly be seen that a sum of Rs.23,500/- is promised in cash payment, and is likely to be realised immediately Rs.5000/- is available in annual instalments from the Municipality in addition to a free site and about Rs.4000 to 5000 the cost of the existing building by sale. Thus making a total of about Rs.36,000/-.

In addition to this, the Citizens' Hospital Committee is likely to collect a sum of about Rs.5000 to 6000 in smaller donations.

6. The Government have in their letter No.10243/Med.234-36-8 dated 25th June 1937 stated that they "may give a grant of Rs.20,000/- that the proposed Hospital may meet the requirements of the growing town".

In consideration of the above facts, I would suggest that the enclosed plan of the Hospital may kindly be sanctioned and as a first stage of the administrative block, the out-patient block, 2 wards of 12 beds each, an operation theatre and a labour ward may be arranged to be constructed immediately, thus providing Mandya with a new Hospital with provisions for 24 beds, 12 for males and 12 for females. The remaining wards estimated at Rs.24000/- and the other additional works may be taken up as and when funds become available.

I solicit early orders of Government.

I have the honour to be,
Sir,
